## Warminster School

### **The Warminster Pre-IB Programme**

Warminster consistently seeks new ways to broaden and strengthen its academic offering for its highly valued international pupils. Since the addition of the IB to our A Level offering in our Sixth Form over 15 years ago, we have become experts in delivering and shaping pupils' futures at a global level.

Significantly, we understand the importance of introducing pupils as early as possible to the academic rigours of the UK education system. The Warminster Pre-IB Programme is a meticulously refined, highly sought after course for pupils entering into Year 11. It is specifically designed to enable pupils to progress seamlessly into our Sixth Form, whilst at the same time, provide them with a solid bedrock of highly regarded qualifications with which to carry forward onto university and beyond.

We are both proud and excited to extend an invitation for you to join our programme and to share in our truly authentic Warminster community.

Matt Williams  
Headmaster

## OVERVIEW

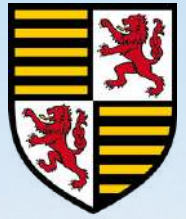

The Warminster Pre-IB Programme delivers the perfect balance of preparation for Sixth Form study whilst crucially offering a fully integrated boarding experience with the larger school community - **over 50% of every school week is shared with our existing Year 11 pupils.** The one year programme incorporates an impressive academic GCSE and IGCSE curriculum, in addition to extensive, unique pastoral and co-curricular opportunities. Our offering is both rigorous and comprehensive, drawing direct parallels from recognised IB Diploma subjects as well as the important core elements that make the IB one of the most highly regarded and prestigious school leavers' qualifications around the world.

## YOU WILL ALSO STUDY

- **PROJECT QUALIFICATION**

Pupils complete the AQA Higher Project Qualification which is an independent project, where they take responsibility for their own learning and develop invaluable life and study skills. This is a formal qualification, equivalent to a GCSE and provides an excellent introduction to extended essay requirements as included in our Sixth Form IB/A Level offering.

- **CREATIVITY, ACTIVITY & SERVICE - CAS**

In order to develop our pupils' creativity, activity and service, all of our Pre-IB pupils have **the opportunity** to complete the Duke of Edinburgh Bronze award (enrollment required). This provides them with the experience of formal CAS hours as well as an accredited award at the end of the course. The award teaches pupils important life skills, including personal record keeping - crucial for success in CAS for the IB.

- **THEORY OF KNOWLEDGE - TOK**

All Pre-IB pupils have the opportunity to attend seminars and workshops which deliver ToK involving a wide variety of disciplines. These sessions are offered both during the academic day but also by a wealth of notable visiting speakers out of school hours.

***Embarking on the Pre-IB programme was the ideal springboard for our daughter's progression onto the IB two year programme at Warminster. Both rigorous and challenging, it encouraged her to set high standards for her future studies.***
