The Warminster 5 Week Short Stay Programme

It is not surprising that our 5 week fully immersive programme is consistently over subscribed - as a school renowned for our international offering, pupils have been coming to us for short stays for over 10 years. We are experts in ensuring that no matter how much time a pupil has to spend with us, they are encouraged and supported to make the very most of their time.

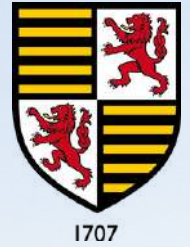

Situated in 60 acres of rolling English countryside, just over an hour's drive from Heathrow, Warminster offers a unique and truly life changing experience.

I very much look forward to welcoming you to Warminster, our very own academic centre of excellence and a home away from home.
